p 3 ante

With reference to the endorsement No.725-1-D.1.P.H dated 9/1/42, I have the honour to recommend the payment of daily allowance for each day on which the Rural Medical Practitioner rendered service beyond his jurisdiction, in accordance with clause (9) of the agreement in G.O.No.3510P.H. dated 4/10/38, as subsequently amended.

T/5

T/5

In this connection I would suggest that clause (9) of the agreement may be suitably amended so as to include all epidemic work, festival duty and other work expected of Rural Medical Practitioners in villages in connection with Public Health Administration; If this is done there will be no need for President, District Board to obtain sanction of Government in each case. But there should be the proviso that the prior approval of the District Health Officer should be obtained, except in emergencies in which

P.T.O.

case, District Health Officer's approval should be obtained with the least possible delay.

I have the honour to be,
Sir,
Your most obedient Servant,

Director of Public Health, Madras.
